

We believe

In life,  
some events  
are too big  
to handle alone.

The city that put  
a man on the moon  
can help a child  
**stand tall.**

When you do something to  
lift a family, it changes life  
**for generations.**

A friendly voice  
in the middle of the night  
makes a bad situation  
bearable.

You can't  
dream big  
unless you have  
someone to look up to.

As we give our neighbors  
**a hand up,**  
we're lifting  
the entire city.

When we help  
our seniors,  
we improve life  
for the ages.

We won't see a  
brighter tomorrow  
if we don't do something  
significant today.

When you face  
**the unimaginable,**  
you do more than you  
ever imagined.

It's easier to follow  
someone who has  
walked in your shoes.

The power  
of many hands  
turns obstacles  
into opportunities.

When you inspire others  
to do something about it,  
you generate  
**a momentum**  
that moves us all.

We believe in our community.  
We believe in a brighter future.  
We believe that each life  
is meaningful, and in the power  
of what happens when we all  
come together.

We believe that  
through hope, inspiration  
and leadership we can  
make a difference.

We are the  
United Way of Greater Houston,  
and together we  
do something about it.

Join us...do something life changing.

Do  
something  
about it.

United Way of Greater Houston
